Thanks. I just want see if we can find a palatable and justifiable way to address the spirit of his comment. What about this?

That was my read as well Jill. I didn't agree with the comment bubble proposal, but didn't have a strong reaction to the specific language inserted. However, based on what we've said in the past, I think Jill's edits would be the best bet.

I think I am reacting more to what I take to be his comment embedded in your comment:

Fotouhi had one suggested addition. Can you take a look at my proposed changes in the attached documents and let me know what you think?

Thanks,

Hi all,

I just ran into John Goodin and he talked to Anna and was told that we are good to go from their end. She just wants OGC's ok on the OA rationale piece. She didn't need review of the rest, just the OA. So...Tom, if you can follow up on that end and let me know if you need anything else, I think we can get this puppy outta here 😊 Thanks.
